Customers and Live Projects

Customers

- In the UK **South West Trains** have been the first rail company to purchase Safescape® units.
- Also in the UK **Virgin Rail** have included Safescape® in their specification for the refurbishment of their high speed rail fleet.

Live Projects

- In Belgium we are currently working with **Bombardier** to integrate Safescape® into new build trains.

- In France **Saint Gobain** wish to integrate Safescape® with their new laminated escape window solutions.

- In Holland **GE Plastics** wish to integrate Safescape® with their new laminated escape window solutions.
